**INTERNATIONAL DISTANCE TRAINING COURSE ON SHORT-TERM
CLIMATE MONITORING AND PREDICTION IN
DISASTER PREVENTION AND MITIGATION**
18-31 May 2020, Beijing, China

PRELIMINARY COURSE INFORMATION

The International Distance Training Course on Short-term Climate Monitoring and Prediction in Disaster Prevention and Mitigation will be organized by China Meteorological Administration Training Centre (CMATC), which is also designated as WMO Regional Training Centre in Beijing (RTC-Beijing), sponsored by China Meteorological Administration (CMA).

Courses Description

The course is aimed to enhance the trainees' understanding in meteorological disaster prevention and mitigation, to provide the trainees with related operational approaches on short-term climate prediction and to enhance the technical exchange and future cooperation in the meteorological field.

Course Content

The training course includes:

- 1) Introduction to climate service, including its priority areas and its components;
- 2) Short-term monitoring and prediction approaches and its application;
- 3) Disaster Risk Management.

Expected Learning Outcomes

After the courses, participants will be able to:

- build up technical knowledge on short-term monitoring and prediction approaches;
- get a better understanding of meteorological disaster prevention and mitigation.

Course Format

The distance training will be delivered via online courseware and discussion.

Target Audience

Officials, specialist, forecasters engaged in climate prediction and disaster risk

management at National Hydrological and Meteorological Services or equivalent institutions.

Instructors

Senior experts from CMA, Beijing Climate Centre, CMATC etc.

Language

The course will be conducted in **English**.

Application and Participation

- 1) Please visit <http://mooc.cmatc.cma.cn/course/view.php?id=25&isStay=true&lang=en> and create your own account. Use *CMATC2020* as the enrollment key to get access to the distance training course.
- 2) Please note that the applicants should register for the course no later than **13 May 2020**.
- 3) The participants are required to finish all the courseware and quiz. Each participant who has completed all the training course will be issued a digital certificate of the participation by CMATC/WMO RTC Beijing.
- 4) Please pay attention to the training website for updated information.
- 5) The distance training course is free of charge.
